

Safety Data Sheet Declaration for

Microbiological dipslides

The European Union Regulation (EC) No. 1907/2006 Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) aims to protect human health and the environment by reducing and restricting the use of most hazardous chemical substances. As a responsible manufacturer, Aidian's intention is to fully comply with all legal requirements and to ensure a responsible and sustainable business manner. Aidian is committed to the EU's mission and vision to reduce and restrict hazardous chemical substances.

We hereby confirm that Aidian's products are compliant with the REACH regulation and its amendments. For the products listed in Appendix I, this declaration replaces the safety data sheet, as those products do not fulfil the criteria for when the safety data sheet must be provided either

- without request (REACH Article 31(1) as amended by CLP Article 59(2a)) or
- on request (REACH Article 31(3) as amended by CLP Article 59(2b)).

Therefore, we confirm that a safety data sheet is not required for the products in Appendix I according to REACH and CLP requirements. In addition, Aidian acknowledges that it has a legal obligation to keep itself informed of possible changes in the associated REACH and CLP regulations and thus, continues to comply with REACH and CLP requirements.

On behalf of Aidian

Espoo, 4.1.2023

Mervi Ylianttila, Vice President, Quality Management and Sustainability
